NOVELTY.

Large Flowering, Semi-double, White Marguerite Chrysanthemum Frutescens.

50,000 rooted cuttings of this fine novelty will be ready for shipment on and after February 15, 1895. This Marguerite is a great improvement of the common white Marguerite. The size of the flower is 3 to 4 inches in diameter. The large, clear, white petals surround the yellow center in two rows. The plant is a vigorous grower and a profuse bloomer. Everybody who tries this variety will discard the old common small kind.

Prices for rooted cuttings, free by mail, $2 per 100; $16 per 1,000.
